SINCERA SN832i

12 – 16 inch, 50 – 70 series

The Sincera SN832i is standard tyre with a European taste that provides the longer life and higher durability desired by the ASEAN market. This tyre features an pattern rigidity and contact pressure optimized to enhance long life capabilities. It's an asymmetric tread pattern, provide strong profile and construction to enhance durability. The SN832i is a standard tyres for small & midsize vehicles.

- LOW NOISE AND COMFORTABLE RIDE
- DESIGNED FOR FUEL-EFFICIENCY AND LONG SERVICE LIFE

SINCERA SN832i

13% better mileage compared to existing products.

Test Conditions: *Fuel Type: 98/95/92/90/88/86/84/82/80/78/76/74/72/70/68/66/64/62/60/58/56/54/52/50/48/46/44/42/40/38/36/34/32/30/28/26/24/22/20/18/16/14/12/10/8/6/4/2/0. **Fuel Consumption: 100km. ***Test Distance: 5,000km. ****Vehicle used: Honda Civic. *****Test results are only for reference and may vary depending on test conditions and vehicle.

Optimized Foot Print and Contact Pressure

Optimized Wear Energy During Cornering

Lateral Rigidity Distribution

As well as enhancing rigidity across the entire tread, optimization of stiffness minimizes wear. A 4-rib pattern was applied, which is also good for the narrower width of tyre.

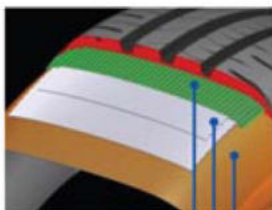

Progress of Wear Appearance

The SN832i retains its brand-new pattern image for a long time even as wear progresses. It can be used until completely worn out.

Use of a new pattern design created through simulation, optimizes contact shape and contact pressure.

Durable Construction

Jointless Full Nylon Band

Wider Reinforced Steel Belt

High Tension Casing Ply

4 Rib Pattern

Using a 4 rib pattern design maintains the size and strength of pattern blocks even on small sizes. It meets the needs of Asia, using small and midsize cars.
