

FALKEN
TYRES

THE NEW GENERATION OF REGIONAL TRUCK TYRES

RI 150

RI 151

RI 150
11R22.5

- **SMART SHAPE CASE TECHNOLOGY**
minimizes casing growth throughout the life of the tire for a consistent tire profile during loaded and unloaded driving conditions. This supports an unchanging contact patch for maximum mileage.
- **MICRO SIPES**
along the rib walls ensure wear by adding flexibility to the rib wall.
- **4D NANO TECHNOLOGY**
is an advanced simulation and analysis technique that makes it possible to provide longer wear and lower rolling resistance by predicting rubber characteristics at the molecular level.
- **3D WAVY TREAD GROOVE**
distributes stress evenly across the base of the tread to prevent cracking, stiffening the outside shoulders for added rigidity to improve handling.
- **UNIFORM CARBON DISPERSION**
controls the size and even distribution of carbon molecules throughout the compound, resulting in longer tire life and lower rolling resistance.

RI 151
295/80R22.5

- **INNOVATIVE 4D-NANO DESIGN ENHANCED COMPOUND**
Excellent mileage and enhanced rolling resistance.
- **NEW PATTERN DESIGN FOR STEERING AXLES AND TRAILERS**
Superb directional stability in straights and cornering. Even wear.
- **ROBUST, DURABLE CASING**
Outstanding re-treadability and re-groovability.

STAMFORD TYRES

Stamford Tyres (M) Sdn. Bhd. (Co. No.: 182074-T)
16, Jalan Jurunilai U1/20, Setion U1, Hicom Glenmarie Industrial Park, 40150 Shah Alam, Selangor, Malaysia.
